Dear Mr and Mrs Gillingham

Corfe View Feedback form

Thank you for the map, popped through the door whilst we were in Corfe View last week. I apologise for not sending the feedback sooner, but I unfortunately came down with an eye condition on our return home and only got out of hospital yesterday.

Our stay at Corfe View was fantastic; it was the most relaxing break we have had for sometime. Corfe View is a beautifully positioned property, close enough to the town for all conveniences but in a position that makes you feel that you are miles from the hustle and bustle. It is a comfortably equipped property with plenty of storage space and we found that everything that we needed was provided; in fact it was home from home. I could sit on the balcony just watching the world going past forever.

The booking process was very easy; Rumsey Holiday Homes are very efficient. Your website is comprehensive and provided answers to all of the questions we had prior to booking and arrival. Overall it was the best UK based holiday accommodation we have experienced.

If we had to suggest any improvements they would only be minor ones (and please don't take them as criticism as they are not meant that way!) they would be that the potato peeler is difficult to use as the handle is broken and that the kettle would benefit from descaling.

We would very much like to come back to Corfe View again in the near future and hope that we left it in a satisfactory condition when we left.

Thanks again for a wonderful stay.
